#### In summary

#### Overall the school is performing well

Parents believe the school provides:

- An enjoyable and safe environment
- A good range of activities
- Equitable treatment and respect
- Good leadership

## However there is room for improvement and these issues will be addressed by the governing body

The underperforming areas are mainly related to the parents interaction with the school:

- The amount of information they receive
- Awareness of what the governors do
- Encouraging involvement

In addition some parents (4) disagree with the amount of homework set.

Governors would like to thank the 25 parents who responded to the 2015 survey.

If you have any further comments to make or wish to speak to a governor about your concerns please contact the school secretary to arrange.
