STR/	ATEGIC ITEMS			
7	Leadership Update LC reported that the change in structure has gone smoothly for Cockwood and shared that she felt AR is doing very well and staff are positive regarding the changes. Collaboration has been found to be very useful so far especially with the rising Covid cases. Supply cover has become an issue for some schools however this is currently not an issue at Cockwood but may	Complete		
	become more of a concern. Progress is good with children settled. Attainment is lower, especially in maths, but this was expected, with Year 2's being affected mostly.			

LC touched on the potential extension to the school building with architects currently involved and working on drawings.	
Q from a governor – Where is the extension proposed? LC replied that the options include – removing the staircase in Class 2, building a mezzanine over the Sunny Room, extending the library and creating 2 teaching spaces/a nurture and wellbeing area.	
NT added that the advantages to these options are that there will be no impact to the footprint and confirmed that a pot of money for this project is available to the school.	
LC continued to report that the SEND is going well and feedback from parents is positive. Meetings between parents and the SENDCO are successfully taking place.	
LC recognised that the current challenge for staff is to 'do the things they want' to do but are still restricted by Covid. If Covid cases rise teaching pressures may come from staff absence, especially for the Leadership team.	
NT added that he wanted to thank AR and CW for their Covid Risk Assessment document.	
AR shared that, from her point of view, things have felt quite normal over the past 2 weeks and feels things are going very well. She has felt well supported by the staff team.	
Q – from a governor – Is AR having regular contact with the other 2 Heads of School?	
AR replied that contact is made at least twice a week and relationships are building. She continued to report that the team are looking at maths as a whole school. Thursdays will focus on 'maths fluency' and 'maths facts'. This will become a focus of a deep dive with Deb Wring.	
NT added that Deb Wring is carrying out self-reviews for Cockwood and as an Ofsted inspector is a good person to have on board.	
Daniel Fenton will spend a morning as a TA in class 1 and 3 to observe what maths looks like across the school.
